

Keep yourself and your loved ones safe from lead

Some imported household products may contain harmful levels of lead.
Common items include:

- Spices*
- Home remedies (such as azarcon, greta, pay-loo-ah, or litargirio)
- Cosmetics (such as kohl or alkohol)
- Glazed cookware or pottery

Bring your household items and spices to a free testing event

Hopkins Community Health & Resource Fair

Eisenhower Community Center, 1001 MN-7, Hopkins

Saturday, September 17

10 a.m.–1 p.m.

* Spice amounts must be greater than 1 tsp. to be tested.
Liquid or paste-like substances cannot be tested.
